Exceeding expectations

Christ Church,
Downend, Bristol, UK

Designed to be introduced to any building, both modern and traditional, as well as offices and hotels that are looking for a sleek modern seat that offers a winning combination of comfort, flexibility and visual appeal.

The Icon 40 has been designed for the future, without compromise on style or functionality.

Superior Comfort

The Icon 40 chair has been designed with comfort in mind using a three-dimensional formed seat and back. It gives a greater comfort over a wider spectrum of user.

Quality Construction

Constructed using an innovative continuous frame give this chair additional strength and rigidity adding to the overall quality of this product.

Innovative Design

Every element of the chair has been designed with the end user in mind. Its structure, strength and durability all in one piece, makes this chair stand out in the crowd.

Materials

Made from the highest quality materials throughout, from quarter sawn oak veneers and stainless-steel fixing screws for the back component, right down to the polycarbonate glides which are specially moulded for the chair. This Chair is hard to beat when it comes to quality, it can also include a bronze plated finish for traditional settings.

Icon 40 can be enhanced with

- Carvings (Crest, Logo, Symbol, etc)
- Bookshelves
- Custom designed links to allow straight or curved formations

Stackability

The innovative design allows for the chair to be stacked up to 40 high, hence the name Icon 40, allowing for easy transport and maximising storage space.

COMMENDED INSTITUTE OF DESIGNERS IN IRELAND
IRISH DESIGN AWARDS 2018

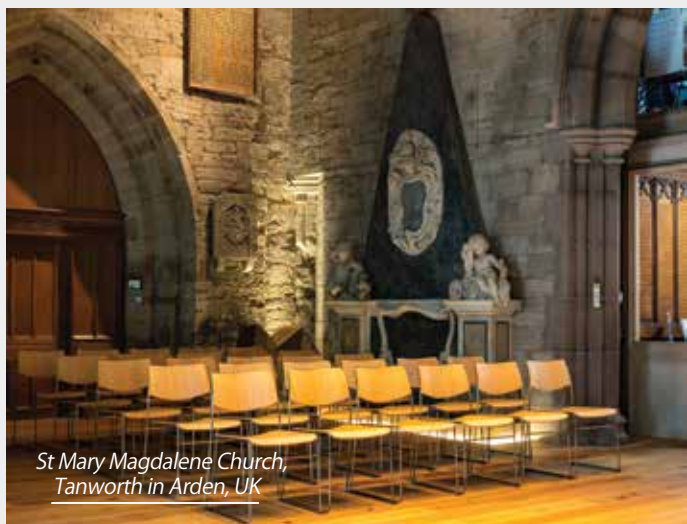

Gavin Duignan
CHAIR DESIGNER

The ICON 40 Bronze Finish

A new age has begun.

The bronze frames are eye catching and adding warmth with a traditional setting. With these alternative options for the frame finish, coupled with the flexibility, style and comfort of the chair design marks a new age for the ICON 40 from ICS Furniture.
